

# SIMPOZIONUL STUDENȚESC INTERNAȚIONAL "HORTUS ACADEMICUS" 2019

## International Students Symposium "Hortus Academicus"

Venue: UASVM Bucharest, Faculty of Horticulture, BpA

Date: 29.03.2019

### Programme

9:00-9:30	<b>Participants Registration</b>	Registration desk team	Symposium secretariat
9:30-9:40	<b>Symposium Opening</b>	Adrian Asănică	Vice-dean of the Faculty of Horticulture
9:40-10:00	Dan Bărbulescu	Parcul Natural Văcărești, primii 7 ani / The Natural Park Văcărești, first 7 years	Director PNV / Executive Manager of NPV
10:00-10:20	Ionuț Bădică	Antreprenoriat etic prin horticultura urbana / Ethic entrepreneurship in urban horticulture	Presedinte Institutul de Cercetare in Permacultura / President of the Permaculture Research Institute
10:20-11:40	<b>Session I</b>	<i>Chair: Assoc.Prof.dr. Adrian Asanica</i>	
	1 Ailin Moloșag	Kiwi cuttings rooting on heated platforms	Florin Stănică
	2 Alexandru Bucur	Sensitivity of some new peach and nectarine varieties to bacterial disease and oriental peach moth ( <i>Anarsia lineatella</i> )	Florin Stănică
	3 Ana Vița	Landscape valorisation and reintegration of Cheia Monastery Domain	Vladimir Boc
	4 Anca Barcu	Cercetari privind cultura de meristeme la <i>Actinidia</i> sp.	Peticila Adrian
	5 Andreea CHIRIAC	"Valea Carasu" between natural and antropic landscape	Claudia FABIAN
	6 Andreea-Georgiana TOMA	Vegetation assessment methods. The case of Circle Park, Bucharest	Anca STĂNESCU, Alexndru MEXI, Claudia FABIAN
	7 Andrei Florin Tabacu	Pomological characterization of some hybrid selection paw paw fruit ( <i>Asimina triloba</i> Dunal)	Florin Stănică
	8 Bucataru Ioana Crenguta	Enhancing genetic variability of goji berry by intra and inter hybridizations	Adrian Asanica
11:40-12:00	<b>Coffee break</b>		

12:00-14:10 **Session II**

*Chair: Prof.dr. Liliana Badulescu*

- |   |  |   |
|---|--|---|
| 9 Albei Ionut   | Breeding new sweet cherry varieties by controled hybridization conducted in Istria                             | Adrian Asanica                              |
| 10 Carmen Floarea                                     | Tentative regarding local mulberry ( <i>Morus alba</i> ) genotype selections for fruit production              | Florin Stănică                              |
| 11 Ciuta Fanel  | Research on salad culture technology in hydroponic system using chemical and ecological fertilization recipes  | Lagunovschi-Luchian Viorica, Neata Gabriela |
| 12 Corus Gabriela Alexandr                            | Preliminary researches on propagation by cuttings of <i>Callicarpa bodinieri</i>                               | Mănescu Cristina Rodica                     |
| 13 Dîrmină Narcis Teodor                              | (Behavioral study of some apricot varieties in the Bucharest area  | Dorel Hoza                                  |
| 14 Dragomir Claudia-Loredana                          | Cercetari privind cultura cartofului violet în zona București  | Hoza Gheorghita                             |
| 15 Emilia Ancuța Moisescu                             | Characterization of some ornamental apple genotypes as pollinators in orchards                                 | Florin Stănică                              |
| 16 Geanina-Eliza Oprea                                | The behavior of hybrids in terms of growth, development and flowering of <i>Primula acaulis</i>                | Sorina Aurelia Petra                        |
| 17 Hoffman (Constantinescu) Alina, Constantinescu Dan | To value and to capitalize the ecological products   | Lagunovschi-Luchian Viorica                 |
| 18 Ilie Bogdan  | The Influence of the pre-fermentation skin contact conditions on the CIELab parameters of the white wine       | George Cojocar, Arina Antoce                |
| 19 Mara-Ioana Perianu                                 | Study on the use of ASFAC in <i>Lactuca sativa</i> L. culture  | Hoza Gheorghita                             |
| 20 Iorga Alexandru, Nita Grigoras Claudia             | Aspects regarding the biological and decorative qualities of new iris varieties cultivated in the Oltenia area | Diana Vâșcă Zamfir                          |

14:10-14:30 **COFFEE BREAK**

14:30-16:10 **Session III**

*Chair: Assoc.Prof.dr. Viorica Luchian Lagunovschi*

- |                           |   |                              |
|---------------------------|---|------------------------------|
| 21 Laurențiu Florin Preda | Comparison between the consumers sensorial perception of apple scab sensitive varieties versus the resistant ones | Florin Stănică               |
| 22 Lucian Cioacă          | Characterization of some local almond ( <i>Morus alba</i> ) selections from Dobrogea                              | Florin Stănică               |
| 23 Maria-Alexandra SAULEA | Urziceni's green belt. Typologies of green urban spaces   | Claudia FABIAN, Ioana TUDORA |
| 24 Omar Asan              | Preliminary results regarding the behavior of some new almond varieties in București area.                        | Florin Stănică               |

25 Raluca Țenea	Results regarding the behavior of some new Chinese date genotypes (Ziziphus jujuba) to over grafting	Florin Stănică
26 Rotaru Paul Cristian	Research on the influence of 2 amino-acids and the number of stems on growth and yield of cherry tomatoes	Hoza Gheorghita
27 Rusen Gabriela- Mihaela	The morphological, agrobiological and technological evaluation of some grape varieties for wine intended to obtaining quality wines	Marinela Stroe
28 Stan Marius Alexandru	The effect of fast maturation of wine distillate in the presence of oak chips, on color parameters and phenol extraction	Cojocaru George, Arina Antocea
29 Tache Ioana	Evolution of hue and intensity of color of a red wine during rapid maturation using different oak chips	Cojocaru George, Arina Antocea
30 Tatu Oana	Research on the influence of fertilization technologies and cultivar on its production and quality of sunflower eggplant	Lagunovschi-Luchian Viorica, Aurora Dobrin
31 Vlad Gihac, Ionel Nicolae	The treatments efficiency for colour and tartaric salts stabilisation in young red wines and their influence on sensorial characteristics	Cojocaru George, Arina Antocea
32 VAIDEȘ Adina Maria , Cornelia BOGDAN, Miruna Florena PETRICĂ, Anca BURCUȘ	Reintegrating Băneasa - Privighetorilor Area in the Urban Context of Bucharest.	Vladimir BOC

16:30-16:40 **Discussions and Conclusions** All

16:40 **Closure of Symposium**
